## Professional Summary

Results-driven BSIT student with experience in full-stack mobile and web development. AMY Innovation Awards 2025 Finalist and published researcher, with strengths in UI/UX design, secure system integration, and AI-assisted development. Eager to build reliable, user-focused applications in a professional environment.

## EXPERIENCE

---

### Software Engineer Intern

*Argon Software Development Service | November 2025 – Present*

- Contributed to the development of web/mobile application features using modern frameworks and tools.
- Assisted in implementing and maintaining backend APIs, authentication, or database integrations.
- Collaborated with team members following Agile workflows, code reviews, and version control best practices.

## PROJECTS

---

### Enervisio AI – Smart Socket with AI-Driven Energy Monitoring

*Mobile Developer | UI/UX*

- Developed the Flutter mobile application for real-time energy monitoring, integrating Firebase for secure data sync and authentication.
- Designed user-centered UI/UX, including dashboards, usage charts, and device controls, ensuring intuitive and responsive mobile interfaces.
- Recognized as AMY Innovation Awards 2025 Finalist for the project.

### Angels and Lemons' E-Ordering Website

*Full-Stack Developer | UI/UX*

- Developed the full-stack web application for pickup ordering, cart management, and mock e-wallet flows using PHP and MySQL.
- Designed and implemented the UI/UX, including dashboards, ordering interfaces, and intuitive user flows.
- Published research in the International Journal of Academic Multidisciplinary Research (IJAMR), June 2024.

## ACHIEVEMENTS & PUBLICATIONS

---

- Finalist, Alfredo M. Yao (AMY) Innovation Awards 2025 – "Enervisio AI."
- Published Researcher, Angels and Lemons' E-Ordering – International Journal Academic Multidisciplinary Research (IJAMR), Vol. 8 Issue 6, June 2024.

## EDUCATION

---

National University – Baliwag

*Bachelor of Science in Information Technology – Specialization in Mobile and Web Application*

- Expected Graduation: 2026

Jesus Is Lord Colleges Foundation Inc.

*Information and Communication Technology*

- Graduated: 2021

## SKILLS & INTEREST

---

### Technical Skills:

- Front-End & Frameworks: React.js, Next.js, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)
- Back-End & Frameworks: Node.js (Express.js), PHP, Laravel
- Mobile Development: Flutter, Dart
- Databases & Cloud: MySQL, PostgreSQL, Firebase Firestore, Supabase, AWS
- Security & Integration: JWT Authentication, Role-Based Access Control (RBAC), IoT Integration
- Tools & Platforms: Git, GitHub, VS Code

### AI-Assisted Development:

- Experienced in prompt engineering to accelerate development and problem-solving, ensuring ethical and academically accepted practices.
- Proficient with GitHub Copilot, Cursor IDE, and LLM-powered tools for rapid, flexible, and optimized coding.

### Productivity & Office Tools:

- Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)
- Google Workspace (Docs, Sheets, Slides, Drive)
- Trello
- Notion
- Slack
- Zoom
- Canva
- Figma
